

Dear Valued Customer

This letter is to notify you that the following Process Insights product has been discontinued as of 10/1/2023.

Model XDT-XPB Transmitter in Adalat Explosion Proof Enclosure and the Model ESS-SCVP Mission Critical Class 1 Div 1, This covers all Series XDT-XPB Transmitters. **This does not affect the overall XDT transmitter line.**

Main Part Numbers Affected

- XPH.S1.M.3000: XPH 4-Hole Atex Enclosure with OEM, 120, Sr, 420, Znr
- XPH.S1.M.3500: Oem, 120, Sr, 420, Znr
- XDT.S1.E.6200: Zener Kit for XPH
- XPH.37.M.0002: Ex Proof Encl W/ Cover - Zener

The cancellation of the product is due to a change in vendor supplied Zener barrier required for Class 1 Div 1 ratings, reconfiguring of the XDT-XPB for the new Zener barrier will require complete recertification for the XDT-XPB. Process Insights will not be going forward with the recertification. We will be adding Class 1 Div 1 to the upgraded version of the XDT being developed for release in the next 1-2 years.

Service and support of the XDT-XPB will continue for the life of the Model XDT and as parts allow.

Sensor calibration and sensor replacement, Main board, Optical board, and most general parts will not be affected and are available as needed for service or field replacement. Please contact Support.hou@process-insights.com.

Replacement options HDT, and other versions of the XDT. Please contact your area sales representative or send email to sales.hou@process-insights.com.

Best Regards

Casey Letlow
