

QuickTOCuv™

NEW

Key advantages for water quality and process control:

- Versatile for industrial applications for pure water, boiler feed water, condensate return, drinking water, surface water, and wastewater
- Continuous online determination of true TOC (detection of NPOC and POC/VOC), CODS, BOD, TC
- Measurement range: 0,1-1,000 mg/l
- Recognized UV persulphate method
- Accuracy of > 3 %
- Auto-calibration
- Automatic system check (zero-point correction, sensitivity)
- Reduced consumption of chemicals
- Certified housing for EX zones (EX p) (options for IECEx, etc.) Explosion protection Class I, Division 2, Zone 2 Groups ABCD
- Temperature Class: T4

Key applications

Industrial Water Treatment

Wastewater Monitoring

Environmental Monitoring

GAIN REAL-TIME INSIGHT INTO YOUR PROCESS

Process Insights delivers premium analytical sensors, analyzers, instrumentation, software and solutions that are mission-critical to keep your operations, personnel, and the environment safe. Our commitment to customer satisfaction is evident through our diverse range of products, programs, and services, designed to accommodate various budgets and application needs.

CENTERS OF EXCELLENCE
